

W3B JMI

THE AI AND BLOCKCHAIN SOCIETY

Jamia Millia Islamia: 2024

INTRODUCTION

The W3B Society at Jamia Millia Islamia is a student group focused on Artificial Intelligence and Blockchain technology. We organize workshops, seminars, and projects to help students explore and learn about these fields. Whether you're new or experienced, W3B is a place to gain practical skills and work on exciting tech projects.

MISSION

To actively engage students in the exploration and application of Artificial Intelligence and Blockchain technology by providing practical learning experiences, collaborative opportunities, and a supportive community. We aim to equip members with the skills and knowledge needed to thrive in these rapidly growing fields.

VISION

To establish W3B as a vibrant and dynamic society where students are consistently involved in cutting-edge projects, leading to the creation of innovative solutions and a strong foundation in AI and Blockchain. Our goal is to be a driving force in preparing students for impactful careers in the tech industry.

ARTIFICIAL INTELLIGENCE (AI) AND BLOCKCHAIN ARE GAME-CHANGING TECHNOLOGIES WITH HUGE POTENTIAL

AI is all about creating systems that can think, learn, and make decisions like humans. It powers everything from voice assistants like Siri to recommendation engines on streaming services. AI helps businesses be more efficient and makes everyday tasks easier by analyzing data and predicting outcomes.

Blockchain, on the other hand, is a way to keep digital records safe and transparent. Think of it as a secure digital ledger where transactions are recorded across a network of computers. It's the technology behind cryptocurrencies like Bitcoin, but its benefits go beyond that. Blockchain can make processes more transparent and secure, from tracking supply chains to ensuring secure voting systems.

**THE W3B SOCIETY AT JAMIA MILLIA ISLAMIA IS MADE
UP OF SEVERAL DEDICATED TEAMS, EACH PLAYING A
CRUCIAL ROLE IN OUR ACTIVITIES:**

- Tech Team
- Graphics and PNV Team
- Sponsorship and PR Team
- Event Team
- HR Team
- Social Media and Marketing Team
- Volunteers Team

Meet the Team

7

Noor E Ain

President

**Mohammad Yasir
Aftab**

Vice-President

Firoz Uddin Gauhar

Tech Team Head

Meet the Team

8

Mariam Khan

HR Head

Mohammad Ahmadullah Khan

Graphics and PNV Head

Mohammad Tauheed

Sponsorship and
PR Head

Meet the Team

9

Ilma Meraj

Social media and
Marketing Head

Mohammad Shahbaz

Events Head

Ahmar Husain

Volunteers Head

Faculty Advisor

Dr. Danish Rizvi Sir

Department of
Computer Engineering

UPCOMING EVENTS

GAMING COMPETITION

Ready for some serious gaming? Join us for a Gaming Event where you can dive into your favorite games like Valorant and Tekken to compete head-to-head with other players. It's all about strategy, skill, and a little bit of luck—bring your A-game and see if you have what it takes to win.

IDEATHON

Have an idea that could change the game? The Ideathon is your chance to share it! Pitch your idea to a panel of judges, get feedback, and maybe even win some prizes. Whether it's a new business concept or a solution to a problem, we want to hear what you've got.

***further details about the events will be released soon**
